

## GENERAL FACT SHEET

BILL NUMBER 10-15

BRIEF TITLE	APPROVAL DEADLINE	REASON
<i>Resolution - Amending</i>		
<i>§ 16.04.050 LMC</i>		

## DETAILS

## POSITIONS/RECOMMENDATIONS

<p>LES and Black Hills Energy are requesting an amendment to Section 16.04.50 of the LMC. Presently, when service is terminated, posting of notice is required at both the front and rear entrances to the premises, and in the case of a master metered apartment building, on or near each exterior entrance and on or near the main entrance to each unit. Posting so many notices doesn't accomplish the intended purpose of giving notice of service termination to the customer. Previous to the posting, each LES customer would have received at least two other billing statements and a disconnect notice through the mail, and Black Hills Energy has a similar notice regimen. The amendment will still require notice to be conspicuously posted at the front entrance of the premises and in the case of a master metered apartment building, on or near the main entrance to each unit. The request is made to promote efficiency, avoid confusion and recognize that the customer has already received multiple mailed notices prior to posting of the premises.</p>	Sponsor: LES	Recommends approval
	Program Departments, or Groups Affected	None other than LES and Black Hills Energy
	Applicants/ Proponents	Applicant: LES Finance/Accounting  City Department: Other
	Discussion (Including Relationship to other Council Actions)  No relationship to other council action.	Opponents  Groups or Individuals  None identified  Basis of Opposition
